Contact: Mr Jonas Ileka
T: +264 61 207 2832
E: jileka@nust.na

Department of Architecture and Spatial Planning

Lecturer / Senior Lecturer: Spatial Planning (3 Posts)

Requirements

Senior Lecturer: A relevant Doctorate in Spatial Planning or relevant field with at least six years of lecturing experience at tertiary education level and/or industrial experience or an equivalent combination of relevant professional experience. Must be registered or registrable with the Namibia Council for Town and Regional Planners or other similarly recognised statutory professional bodies. A credible record of teaching, curriculum development, research supervision at postgraduate level and peer-reviewed publications in accredited journals and service.

Lecturer: A relevant Master's degree with at least four years of lecturing experience and/or industrial experience or an equivalent combination of relevant professional experience. A Doctorate will be an advantage. Must be able to teach three or more courses in the following core areas: Research Methodology and Critical Thinking, Land Use Planning and Management, the Theory and Practice of Integrated Planning, Legal and Institutional Framework of Planning, Local Economic Development and the Theory and Practice of Sustainable Settlement Planning. A credible record of teaching, peer-reviewed publications in accredited journals and service.

Senior Lecturer: Quantity Surveying

Requirements

A relevant Doctorate with at least six years of lecturing experience at tertiary education level and/or industry experience or an equivalent combination of relevant professional experience. Must be able to teach three or more of the following courses: Quantity Surveying, Building Science, Building Economics, Measurements of Buildings, Studio Measurements and Project Management, as well as any advanced Quantity Surveying related courses. Strong curriculum development expertise, leadership, communication and management skills are essential. Must be registered or registrable with the Namibia Council for Architects and Quantity Surveyors or other similarly recognised relevant statutory professional bodies. A credible record of teaching, research supervision at postgraduate level and peer-reviewed publications in accredited journals and service.

GENERAL FACULTY RESPONSIBILITIES
